## Product display

\*This model shows a shoe size of 41, this data is manual measurement\*

# VAP621

## US Size:7-14[1/2 7.5-11.5]

## Product anatomy

The membranes are covered in billions of microscopic pores, giving the laminate its unique waterproof-breathable properties. Water droplets are too large to pass through the membrane, but let small water vapor molecules escape.

### COMFORT MEMO<sup>®</sup> ANTI-FATIGUE TECHNOLOGY

It took 5 years for ROCKROOSTER to develop patented anti-fatigue insole technology to relieve foot fatigue caused by long-term walking.

It is a high-functional textile with a special fiber moisture management system, which can quickly evaporate the heat, making you feel cool and comfortable when you wear them.

It is a memory foam cushioning material developed by Rogers Corporation, which can remember the initial shape and provide continuous fit and long-lasting comfort for the feet.

CUSHIONING POLYURETHANE  
FOAM

The creator of the world's first pair of rubber soles.
